

COMING TO AUSTIN ON MARCH 2nd, 2012

A free, all-day training with Heather Forbes, *Beyond Consequences Live*

Sponsored by: Bluestar Counseling, Robyn Gobbel, LCSW, and Adoption Knowledge Affiliates

Heather Forbes, LCSW is the author of *Beyond Consequences, Logic, and Control*, which is described as “a love-based approach to handling children with severe behaviors.”

From her website:

Here is what you will gain from this event:

- *Learn how to connect with even the most difficult and resistant child.*
- *Defeat negative and contradictory beliefs about your child's future.*
- *Understand fears about implementing a parenting model that is void of parental consequences.*
- *See the fear behind statements like, “You can't make me” or “You're not my real mom.”*
- *Learn how to help a child at his core emotional level during times of defiance, aggression, and disrespect.*
- *See why children and trauma histories are sensitive to stress. Reclaim your own self-love and understand your reactivity that can be beyond your own understanding.*
- *Find hope.*

The “ticket” to this event is one of her books—either in hard copy or kindle version.

The event is otherwise free. Books will be available for purchase at the door.

The event will be held at:
Saint James Episcopal Church
1941 Webberville Road
Austin, Texas 78721
from 9 am until 4 pm

**You can sign up for this free event at her website
and learn more about the *Beyond Consequences* approach at:**
